

WEBINAR

What's New with the Flu?

Hosted by the Tennessee Vaccine-Preventable Disease and Immunization Program

Thursday, October 15, 2020

12:00 PM - 1:00PM CST

Registration Link: <https://tinyurl.com/2020TNFluVax>

The Webinar link will be sent out at a later date

Objectives:

- Understand the international, national and statewide burden of past flu seasons and projections for the 2020-2021 season
- Understand the importance of the Sentinel Surveillance Network and how you can participate
- Learn about Tennessee's influenza vaccine coverage rates and how to improve them
- Learn about the statewide #FightFluTN event happening November 19th and how you can promote the importance of flu vaccine
- See TDH's flu media campaign resources and how you can help prevent the flu in your community
